THE CRATES

Timeless Skills

Our grandparents were never idle. Their hands were always busy, creating things of beauty and practical use. They were craftsmen and artisans even in their hobbies. Those skills should not be lost to the world.

Real Tools

Our kits include real tools, real books, real supplies, not samples or disposables like so many subscription boxes. Our kits won't just entertain you for a few hours, but will be there to refer to and enjoy again and again.

Complete Kits

We hate it when we buy a kit and it sits on the shelf while we try to remember to pick up the rest of what is needed from the store. Our aim is instead to give you everything you need to create your first new project right in the box.

*Do you see a man skillful in his work?
He will stand before kings...*

Proverbs 22:29
